The Government of the
Hong Kong Special Administrative Region

**HKSAR Government's
package of measures to
support individuals and
businesses affected by
COVID-19**

April 2020

FOREWORD

Through our concerted efforts in tackling COVID-19, we have managed to keep the number of confirmed cases at a relatively low level in this pandemic, and prevent large scale community outbreak.

As our economy is facing unprecedented challenges, we need the same fighting spirit and togetherness to preserve the vitality of the economy, retain jobs and relieve people's financial burdens.

As you will read from this booklet, the Hong Kong Special Administrative Region Government has taken some exceptional measures to deal with this unprecedented situation. Costing a total of HK\$287.5 billion, these measures are –

- **Simple to understand**
- **Easy to access**
- **Quick to disburse funds**
- **Sufficiently broad-based benefiting large numbers of individuals and businesses while also focused on the especially hard-hit sectors**
- **Paving the way for economic recovery**

With Hong Kong's fundamental strengths and Hong Kong people's resilience, I am confident that TOGETHER we shall ride out the storm.

Carrie Lam
Chief Executive

Employment Support Scheme

- The Government will provide **wage subsidies** to eligible employers who undertake **not to make workers redundant** during the subsidy period, and to spend **100%** of the subsidy on paying wages for their employees.

- All employers who have been making Mandatory Provident Fund (MPF) contributions or have set up Occupation Retirement Schemes for employees are eligible (except the HKSARG, statutory bodies and subvented staff in Government funded organisations, etc). 1.5 million employees are expected to benefit.

- Wage subsidies for each employer calculated on **50%** of salary at a “specified month”* (**capped at a salary of \$18,000**) for **6 months**. To be disbursed to employers in two tranches, with the first before end-June 2020.

- Grant **a one-off lump-sum subsidy of \$7,500** to about 215 000 **self-employed persons** who have made MPF contributions in the past 15 months.

- About 800 000 persons in three sectors, i.e. construction, catering and road transport (mainly taxi and red minibus drivers), which are not well covered by MPF, will be taken care of by the respective sector-specific schemes.

* Employers may choose any one month from January to March 2020 taking into account their own circumstances. If the number of employees and payrolls in January are higher than those in subsequent months, the wage subsidies to be disbursed by the Government will enable employers to rehire employees to meet their operational needs.

Supporting the unemployed

- Temporarily **relax the asset limits for able-bodied applicants of the Comprehensive Social Security Assistance (CSSA) Scheme** by 100% for 6 months. Expect to benefit 40 000 households. The CSSA is a household-based scheme, helping recipients meet their basic needs. The value of an owner-occupied residential property of able-bodied households will be disregarded as asset for a grace period of 12 months.

Job creation

- **Invest \$6 billion** to create around **30 000** jobs in the public and private sectors for people of different skill sets and academic qualifications, benefitting professionals and technicians, fresh graduates, middle level and grassroots workers.
- The Government will **recruit about 10 000 civil servants and create about 5 000 short-term intern positions** for young people in the coming year.

Job advancement

To encourage staff to learn new skills

- **Matching Grants for Skills Upgrading:** Provide matching grants for training programmes for staff in the public and private sectors (\$100 million).
- Provide \$2.5 billion to the Employees Retraining Board to **enhance the Love Upgrading Special Scheme** to provide 10 000 additional places and increase the maximum monthly allowance of all eligible trainees to \$5,800.
- Provide about **\$90 million in subsidies to appointed training bodies** of the Employees Retraining Board so that training centres can maintain basic operations.
- Provide about \$30 million in **training subsidies** to some **600 consulting firms in the construction sector**.
- Additional annual funding of \$30 million to enhance Labour Department's employment programmes by **raising the ceiling of on-the-job training allowance**.

Job advancement

Help enterprises to apply technology

- Distance Business Programme: Support enterprises to continue business with technology adoption and related training. Expect to benefit over 3 000 enterprises and 40 000 individuals (about \$500 million).
- **Subsidise the public and private sectors for projects deploying 5G technologies**, subject to a cap of \$500,000 for each project. Expect to subsidise 100 projects (about \$60 million).
- LAWTECH Fund: **Assist the legal sector and related persons to procure / upgrade their information technology systems** and arrange relevant LAWTECH training for staff to support the development of remote hearings. About 700 stakeholders will benefit (about \$40 million).
- Provide Online Dispute Resolution services for disputes related to or arising from COVID-19 (about \$70 million).

**Support
Enterprises**

Provide subsidies to businesses affected by the epidemic

- The epidemic, together with measures to reduce people flows and increase social distance, has affected many businesses, including the tourism, catering, transport and retail sectors, the arts and culture sector, agriculture and fisheries, conventions and exhibitions business, property management companies, hawkers, registered tutorial schools; as well as amusement game centres, cinemas, fitness centres, beauty parlours, etc which have closed due to Government measures to safeguard public health.
- The Government has introduced **more than 70 measures**, under the first round of Anti-Epidemic Fund (AEF) (being disbursed or under application), the 2020-21 Budget (pending approval by the Legislative Council) and the second round of AEF announced recently, to help these sectors tide over current difficulties through one-off grants, cash subsidies, rental waivers, etc.

The progress of several subsidy schemes which have attracted more attention under the first round of AEF is as follows –

- Eligible holders of food licence are receiving a one-off grant of \$80,000 or \$200,000 each. Over 23 000 applications have been approved so far, involving **a total grant of \$3.1 billion**.
- Over 480 000 eligible construction workers and 7 000 construction companies are receiving a one-off subsidy. **More than \$700 million has been disbursed.**
- Qualified retail shops are receiving a one-off relief grant of \$80,000. More than 90 000 applications were received and **more than \$400 million has been disbursed.**
- “Arts and Culture Sector Subsidy Scheme” supports various arts organisations and freelance arts workers. Over **\$66 million** has been disbursed. These arts groups will make use of the subsidies to pay the salaries of their staff, contractors and freelance workers as much as possible.

Major measures under the second round of AEF include:

- Tourism Industry – **Subsidy** to licensed travel agents **ranging from \$20,000 to \$200,000**; travel agents' staff and active freelance tourist guides and tour escorts will each receive a monthly subsidy of \$5,000 for 6 months; licensed hotels will receive a subsidy of \$300,000 or \$400,000 and tour coach drivers a one-off subsidy of \$10,000.
- Passenger Transport – Reimburse 100% of the actual regular repair and maintenance costs and insurance premium for **6 months** for the franchised bus companies, franchised/licensed ferry operators and the Tramways Limited; provide the registered owner of a taxi, red minibus, non-franchised bus, school private light bus and hire car, as well as the licence holder of green minibus service a one-off subsidy of **\$30,000** for each vehicle; provide each eligible active taxi and red minibus driver a monthly subsidy of **\$6,000** for 6 months.
- Catering Sector – Subsidy **ranging from \$250,000 to \$2.2 million** (paid in two tranches during a 6-month period) for licensed catering outlets selling or supplying food for consumption on their premises. To support employment, catering outlets receiving the subsidy are required to undertake not to implement redundancy of staff during the subsidy period, and that not less than 80% of the subsidy for the respective months would be used for paying staff salaries. About 16 000 licensed catering outlets and their employees are expected to benefit, involving about \$9.5 billion.

- Aviation Industry – One-off subsidy of \$1 million per large aircraft and \$200,000 per small aircraft will be provided to the eligible air operators. Aviation support services and cargo facility operators at HKIA will receive a one-off subsidy of up to **\$3 million**.
- Education sector – One-off relief grant of **\$80,000** will be offered to each eligible catering outlet (namely, tuck shops, canteens, and restaurants) in primary schools, secondary schools, University Grants Committee-funded universities, the Vocational Training Council and self-financing post-secondary institutions.
- Construction sector – One-off subsidy of **\$7,500** to each eligible construction worker; and \$20,000 or \$10,000 to each construction-related enterprise not eligible for the first-round measures. Such enterprises include eligible constructors, specialist contractors, works contractors, suppliers, etc.
- Provide a one-off grant of **\$7,500** to each registered coach under National Sports Associations and Sports Organisations who has proven coaching record in the past year as well as each instructor, coach, trainer and provider of interests classes for schools or organisations subvented by the Social Welfare Department.
